Re: Petition for Rule Making  
Harper, Texas –Channel 256A

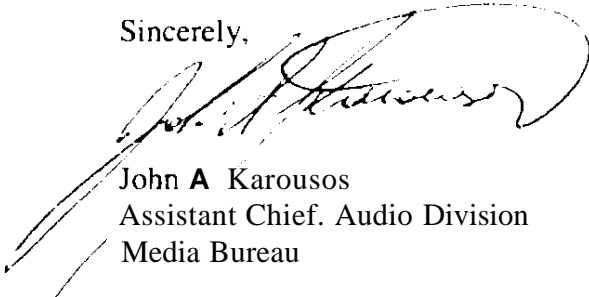

Dear Mr. Crawford:

This is in response to the Petition for Rule Making that you filed requesting the allotment of Channel 256A at Harper, Texas.

Your request for the allotment of Channel 256A at Harper, Texas, is unacceptable. Our engineering analysis indicates that the allotment of Channel 256A at Harper would be short-spaced to a prior-filed counterproposal in MM Docket No. 00-148. At the time that your petition was filed, a counterproposal was pending in Docket No. 00-148 to allot Channel 256A at Ingram, Texas. Because your petition was filed subsequent to that counterproposal, your petition must be dismissed for failure to comply with the requirements set forth in Section 73.208(a) of the Commission's rules. 47 C.F.R. § 73.208(a).

Based on the above, we are returning your proposal for Harper, Texas. You may resubmit the petition, provided that you make a showing that a fully-spaced transmitter site is available that provides city grade coverage to the entire community.

Sincerely,

  
John A. Karousos  
Assistant Chief, Audio Division  
Media Bureau

MM Docket No. \_\_\_\_\_

To: **John** Karousos, Chief  
Allocations Branch  
Mass Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 256A at Harper, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel **256A** to Harper, Texas, as that community's first aural broadcast transmission service. Harper had a 1998 population of 383 people. Harper is in Gillespie County which as a population exceeding 20,300. Harper has its **own** post office, its own schools, Harper Independent Schools, Fire Department and the First Baptist Church of Harper and St. Anthony's Catholic Church of Harper.

Petition for Rule Making  
**Harper**, Texas  
Page 2

Attached hereto is **as** channel study confirming that Channel **256A** can be allocated to **Harper**, Texas, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, **90 FCC 2d 88** (1992). Note: Channel **256A** was deleted at Camp Wood, Texas in MM Docket **99-214**.

Reference coordinates are:

**30 18 00 N**  
**99 19 18 W**

Should this petition be granted, and Channel **256A** be allotted to Harper, Texas Petitioner will **apply** for Channel **256A**, and after it is authorized, will promptly construct the new facility.

Respectfully submitted,

Charles Crawford
